

University Institute of Engineering & Technology

REPORT: SAAZ (MUSIC & INSTRUMENT PLAYING COMPETITION)

Organized by : MUSIC & DANCE CLUB OF UIET on 3rd May 2024

Excitement filled the air at University Institute Of Engineering and Technology on May 3rd, 2024 as the SAAZ was organized by Dance and Music Club and took the center stage. Emerging artists from across campus came together to showcase their talents.

There were about 18 participants. The event kicked off with a lively performance by the folk-rock by Vishakha, whose melodic harmonies and catchy song set the bar high. They were followed by a energetic set from Sahil, shredding riffs and pummeling rhythms that had heads banging

As the event progressed, the crowd was treated to an eclectic array of musical stylings, from the smooth guitar group of Soulful Vibes to the genre- blending experimentation of Sounds. Each act brought their A-game, determined to impress the judges.

Finally, it was time for the results. The tension was thick as our judges Mrs.Pragya and Mrs.Sonia delivered brief critiques of each act. When the winners were announced as Mohit, Jashandeep and Vishakha (Singing) and Harsh Koul, Sahil and Mohit (Instrumentation).

For the students of UIET, SAAZ was a platform to celebrate the creativity and passion that thrives on their campus. The spirit of musical camaraderie was truly alive. It was evident that the college's artistic future burns brilliantly.
